SIBUSISO NCUBE

Web Developer

PROFILE

Versatile Full Stack Web Developer with a strong foundation in front-end and back-end technologies. Experienced in building custom websites from scratch and tailoring WordPress sites using tools like Elementor, Gutenberg, and WP Bakery to meet diverse client needs. Proficient in HTML, CSS, JavaScript, and PHP, with a focus on responsive design, seamless functionality, and SEO optimization. Known for a detail-oriented approach, ensuring that every project aligns with the client's brand identity and delivers an intuitive user experience.

WORK HISTORY

Web Developer, 03/2024 - Current
Addmore Digital, Johannesburg, South Africa

- Developed and deployed WordPress sites across various industries (cleaning services, LGBTQ consulting, digital news, e-commerce, digital publishing)
